. The song appears on the upcoming limited edition cassette, also titled *Never Enough Time*

, and is one of five beautiful tracks of lush synthesizer expanse and heavily processed guitar work. Sharp may be a percussionist, but his work here is centered on tone and mood, rather than beats. "Never Enough Time" begins from shimmering layers and loops, which he then merges with dream-like synth patterns and delicate effects. Indicative of the album as a whole, it is an entrancing, engaging blending of melody, loops, and experimentation that is as complex as it is gorgeous.
