Old Castle are a trio consisting of Robin Storey (Rapoon, Zoviet France), Robert Pepper (Pas Musique), and Shaun Sandor (Promute). The three met in 2011 when they performed in Brooklyn at Cafe Orwell. They have been collaborators ever since. They have released several albums comprised of duos (Ultramail Productions, Arealon Musique, Zoharum) but this is the first time they conspired as a trio to make 13 tracks of industrial, experimental, electronic, mind-bending compositions.
